Good morning Carla,

It was a pleasure talking with you earlier this week & getting some of your insights regarding today's Planning Commission Meeting.

I'll be interested in hearing more about UP-21-241, the Terrazzo Way projects & impacts to Experiment Station Rd this evening.

I wanted to submit by email for the record that the neighbors on Experiment Station Rd & Marsh Lane that I've spoken with this week are very concerned about Experiment Station Rd becoming a minor collector street going through to So. Holly.

I look forward to learning more & understanding how to best navigate change through the complexities of these projects.

Thanks again and have a great day,

Joy
